

Please accept the following.....I am interested in letting you know how much K-Love (104.3) in West Chester, Ohio is an integral part of the community. K-Love encourages community participation and a giving spirit. Another station replacing K-Love would only add to the noise already abundant on most other stations. K-Love is listener supported - the fact that it remains should speak volumes to you in regard to its place in our community. Thank you for your time and attention; they are appreciated.
